Leadership Message

“At SOA Developments, design is never just about aesthetics, it is about purpose, experience, and execution. Every project we undertake is shaped by a belief that exceptional spaces are created when creativity, technical understanding, and craftsmanship come together seamlessly.

As a fully integrated design and build studio, we take responsibility from concept through to completion. This holistic approach allows us to deliver clarity, consistency, and confidence at every stage of the journey, ensuring each project is realized to the highest standard.

This prequalification document is a snapshot of our values, our processes, our work to date and our passion for creating and delivering spaces that stand the test of time”.

Who We Are

About Us

S.O.A. INTERIORS L.L.C is a premier fit-out, renovation, and interior design specialist based in the Middle East, established in 2023 to deliver luxury transformations across the UAE. With a British-led team and 15 years of industry experience, we seamlessly blend timeless design expertise with Middle Eastern elegance, creating commercial spaces that stand the test of time. From concept to completion, SOA Developments brings visions to life, ensuring that every project is not just a structure but a work of art.

Why SOA

At SOA Developments, we blend British precision with the grandeur of Middle Eastern luxury. Our British-led approach brings meticulous craftsmanship, while our deep understanding of local aesthetics creates elegant, culturally rich spaces. We transform spaces into refined works of art, blending modern design with timeless elegance.

Customer Satisfaction

We know that a successful project isn't just about the end result - it's about the entire process, from the first consultation to the final walkthrough. We pride ourselves on our open communication, transparency, and commitment to delivering exceptional customer service.

Value

Quality design and construction shouldn't come with a premium price tag. That's why we offer competitive pricing without sacrificing quality or service. We'll work with you to find the right solution for your needs and budget.

Our Services

05.

We specialise in delivering high-quality commercial design, build and fit-out solutions across Dubai. From offices and retail spaces to hospitality, wellness and other commercial environments, we create spaces that not only look exceptional but are practical, functional and built around the needs of each business.

Our fully integrated approach means we manage every stage of the project, from initial concept and space planning through to design development, construction and final handover. Working closely with our clients, we ensure every space reflects their brand, supports day-to-day operations and creates the right experience for employees and customers alike.

With a strong focus on quality, attention to detail and efficient project delivery, we bring commercial spaces to life, from concept through to completion.

COMMERCIAL

Our Services

Interior Design

We create thoughtful, functional, and visually engaging workplace designs tailored to each client’s brand and operational needs. From concept development and space planning to material selection and detailed design, our approach ensures every space is both aesthetically refined and highly practical.

Maintenance

We provide ongoing maintenance services to ensure that completed spaces continue to perform at the highest standard. Our support covers both preventative and reactive maintenance, helping clients protect their investment and maintain operational efficiency.

Full Fit Out

We deliver complete turnkey fit-out solutions, managing all construction activities from start to finish. Our team ensures high-quality workmanship, efficient delivery, and full alignment with the approved design, creating ready-to-use office environments.

Permits & Approvals

We manage all necessary authority approvals and permits required for commercial office projects. Our team liaises with relevant authorities to ensure compliance with local regulations, streamlining the approval process and avoiding delays.

Technical Support

Our technical team translates design concepts into fully coordinated, buildable solutions. This includes detailed drawings, specifications, and design coordination to ensure accuracy, compliance, and seamless execution on site.

Project Management

Our project management team oversees every stage of the project, ensuring timelines, budgets, and quality standards are met. Through clear communication, coordination, and proactive problem-solving, we deliver projects smoothly from inception to completion.

Permits & Approvals

06.

We manage all necessary authority approvals and permits required for commercial office projects. Our team liaises with relevant authorities to ensure compliance with local regulations, streamlining the approval process and avoiding delays.

Method Statement

07.

SOA Developments adopts a structured and integrated design and build approach to deliver high-quality commercial office environments. By combining design expertise, technical coordination, and efficient project execution, the company ensures a seamless process from initial concept through to successful project completion.

Our team of experts excels in crafting practical, visually captivating, and highly functional spaces. Through our meticulous design and development process, we ensure state-of-the-art outcomes that not only meet, but surpass our clients' requirements. Our commitment lies in crafting spaces that seamlessly blend functionality style, and comfort, reflecting your individuality and unique identity.

COMMERCIAL

SOA Project Delivery

At SOA developments, Project Delivery is managed as per the SOA 10 stage Project Delivery Framework. This framework takes client requirements and ensures they are met through each phase of the delivery, resulting in a completed project that is delivered on time, within the agreed budget and to a high-quality standard. Each stage is managed by the completion of deliverables and controlled by stage sign off, ensuring the project is ready and in a suitable state to be progressed to the next stage.

01 ## Enquiry

Initial stage where client relationships are established, requirements are defined, and budget and timeline expectations are aligned to guide the design and build process

02 ## Project Set-Up & Kick Off

Client requirements are refined and aligned, the project team and roles are established, schedules and deliverables are defined and key risks are identified and mitigated to ensure a smooth project start.

03 ## Concept Design

We translate your vision into curated mood boards, VR explorations, and premium material selections, giving a tangible preview of your future space

04 ## Detailed Design

Approved concepts are transformed into precise technical drawings with controlled revisions, approvals, and scheduling to ensure seamless construction readiness.

05 ## Procurement

We turn procurement plans into action, issuing RFPs, securing approvals, and managing suppliers to deliver materials that meet design and client expectations.

SOA Project Delivery

06 ## Implement & Construction

Led by experienced site and project managers, construction follows IFC drawings with strict safety and schedule adherence for efficient execution..

07 ## Testing & Inspection

We ensure quality at every stage with structured QA/QC checks, verifying design, procurement, and construction before proceeding.

08 ## QA / QC Sign Off

Comprehensive QA / QC inspections and final reviews ensure all defects are addressed and a complete handover pack is delivered.

09 ## Handover

Following a client walkthrough, the handover pack and final certificate are issued, capturing lessons learned for future improvement.

10 ## Aftercare

Our support continues beyond handover, with dedicated aftercare to address post-completion requirements, resolve defects and ensure the space continues to perform as intended

Design Management

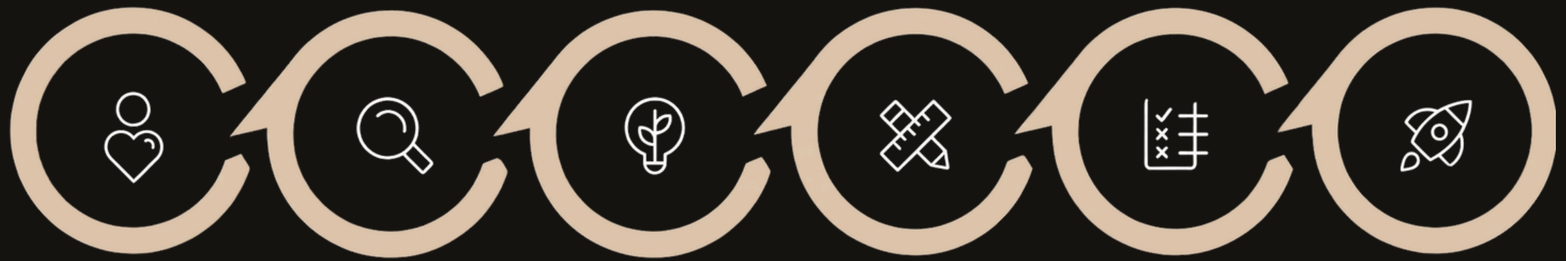

Design Thinking Principles

At SOA Developments, our interior design approach is guided by human-centered design thinking, combining creativity with functionality. We prioritize understanding client needs, workplace behaviors, and organizational culture to create spaces that inspire productivity and wellbeing. Our designs balance aesthetics, ergonomics, and sustainability, ensuring each environment is intuitive, flexible, and reflective of the brand identity.

Design Management

During the interior fit-out of commercial offices, SOA Developments ensures seamless design management from concept to completion. Our project team coordinates all aspects: technical drawings, material procurement, subcontractor scheduling, and site supervision, while maintaining rigorous quality control. Regular site inspections, structured QA/QC processes, and clear communication with stakeholders ensure projects are delivered on time, on budget, and to the highest standards.

- Step 1 - Empathize
- Step 2 - Define
- Step 3 - Ideate
- Step 4 - Prototype
- Step 5 - Test
- Step 6 - Implement

Project Safety Procedures

Safety is at the core of every project at SOA Developments. Through proactive risk management, worker training, strict site controls, and continuous monitoring, we ensure a secure, compliant, and efficient work environment from start to finish.

1. SAFETY PLANNING & RISK ASSESSMENT

Identify potential hazards and create a safety plan. Assign safety responsibilities to a designated officer or manager.

2. WORKER TRAINING & PPE

Provide safety induction and ongoing training to all workers. Ensure workers wear appropriate Personal Protective Equipment (PPE).

3. SITE SAFETY MANAGEMENT

Keep the site clean and organized to avoid hazards. Post safety signs and clearly mark emergency exits.

4. EQUIPMENT SAFETY

Inspect and maintain tools and machinery regularly. Train workers on the safe operation of equipment.

5. FALL PROTECTION & SAFE PRACTICES

Use scaffolding, ladders, and fall arrest systems for workers at heights. Ensure edge protection and guardrails are in place

6. FIRE SAFETY

Provide accessible fire extinguishers and train staff to use them. Develop and communicate an emergency evacuation plan.

7. FIRST AID & EMERGENCY RESPONSE

Keep first aid kits on-site and train workers in basic first aid. Set up emergency contact numbers and reporting procedures.

8. SAFETY INSPECTIONS

Perform regular safety checks on the site. Address hazards and ensure compliance with safety measures.

9. REGULATORY COMPLIANCE

Follow local safety regulations and industry standards. Keep records of safety training, inspections, and incidents.

10. COMMUNICATION & CONTINUOUS IMPROVEMENT

Hold regular safety meetings and encourage open communication. Review safety performance and improve practices after the project.

Quality Assurance & Control (QA/QC)

COMMITMENT TO EXCELLENCE:

At SOA quality is not just a process, it is a core value. Our QA/QC system ensures that every project is delivered to the highest standards, on time, and in line with client expectations. Through careful planning, rigorous monitoring, and continuous improvement, we strive to exceed client satisfaction and maintain our reputation for excellence.

1. Quality Assurance (QA) – Planning & Prevention

Quality Assurance focuses on establishing robust systems and procedures to prevent defects and ensure project success from the outset.

- Project Planning & Scope Definition
- Design Coordination & Review
- Material & Supplier Selection
- Method Statements & Procedures
- Training & Competency

2. Quality Control (QC) – Execution & Monitoring

Quality Control focuses on inspection, verification, and compliance during project execution.

- Site Inspections & Supervision
- Material, Factory & Supplier Inspections (Pre-Delivery & Delivery)
- Workmanship Control
- Subcontractor Management
- Snagging & Final Inspection

3. Continuous Improvement

We believe in continuously improving our processes to enhance quality and efficiency.

- Client Feedback
- Post-Project Evaluation
- Innovation & Best Practices

4. Documentation & Reporting

Proper documentation ensures transparency, accountability, and traceability.

- Quality Records
- Non-Conformance Reports (NCRs)
- Progress & Quality Reporting

12.

SOA Interiors Project of Note

Commercial Design & Build Projects

The following pages showcase a selection of SOA Interiors' commercial projects, highlighting our experience in delivering high-quality spaces across a range of industries, including offices, retail, hospitality and wellness.

Each project reflects our commitment to quality craftsmanship, attention to detail and seamless project delivery. From contemporary workspaces to bespoke commercial fit-outs, we create environments that balance design, functionality and the practical needs of modern businesses
